Zittles:

Paperbacne:

Oppozits:

"Zittles" are brand new words for the same old bummers—acne pimples. What can you do about them? Launch a major Zitskrieg with the unbeatable medicine in Oxy 10⁺, Oxy 10⁺ Cover, Oxy 5⁺ and Oxy 10⁺ Wash. They all contain a potent measure of benzoyl peroxide, the very stuff that brought acne medicine out of the Dark Ages.

In fact, to kill acne bacteria and help prevent new pimples from forming, there's nothing stronger you can buy without a prescription.

Next question: How clean can you get your skin? You know all those little embedded blackheads that like to call your nose home? Oxy Clean[®] softens them up—helps send them floating down the drain.

Oxy Clean Medicated Pads, Cleanser, Soap and Scrub lift away dirt and oil so well you can actually prevent new pimples from starting in the first place.

So, if you're hiding your Paperbacne behind this magazine, get Oxy and get your face ready to face the world.

OXY Because zits are no laughing matter.

BODY BUILDER

Maybe it's a truck body. Maybe a racing car body. But whatever model you're building, you want it to look the best. That means putting in a ton of care and concentration. And paying particular attention to the details.

And when it comes to details, no one out-muscles MPC. Details are MPC's strength. You see, at MPC spe-

cial effort is given to insure that every car or truck is 100% authentic.

Whether it's an old model or a new one. A Classic Muscle Car or any of the newest '87 American High Performance Cars, MPC's got a model kit you can wrestle with.

So if it's a great body you want to show off, get an MPC Model Kit.

Just like the real thing. Only smaller.

Dear HEATHCLIFF,

I just wanted to say hello. I love your HEATHCLIFF'S FUNHOUSE. This is my second issue. I think that you should make Heathcliff posters and ~~other~~ posters of your STAR characters. I'm a big fan of yours.

Heather M Hampton
Reno, Nevada

Stick around, Heather, there's lots more fun ahead! If you can't get enough of HEATHCLIFF and the other STAR stars, why not try some of the digest books also available at your local shop? There are no immediate plans for new STAR posters, but if there's a big demand, who're we to argue?

Dear STAR,

I really like reading STAR comics and my favorite is HEATHCLIFF! He's my favorite character! I read most of your books, and I have some questions.

1. How old is Heathcliff?
2. How old are Iggy and his grandparents?

I think it would be a good idea to give Heathcliff magic powers and have him go around bothering people.

Michael Viola
Santa Ana, CA

We have simple answers for your simple questions, Michael:

1. Heathcliff is the normal age for an overly aggressive troublemaking cat his size. Maybe a little older.

2. Iggy and the grand-Nutmegs are getting older by the day, trying to keep up with the antics of your favorite crazy cat!

By the way, Heathcliff loved the idea about going around and bothering people so much, he took off right away to get some practice — even before we could figure out where he would get magical powers! Don't despair, though. If magic leads to trouble, then Heathcliff will find his way there in no time!

Dear HEATHCLIFF,

I love your comics and your cartoons. I think you're the funniest! Sometimes all my friends pick their favorite comedians, and I always pick you. I am 10 years old and I'd like to know how you got started, and how you got to be such a funny little cat!

Jimmy Theodoropoulos
Quebec, CANADA

How did Heathcliff get to be so funny? A combination of natural ability and lots and lots of practice, Jimmy. It's a tough job, but somebody's got to do it!

Dear STAR

I like HEATHCLIFF so much I have read the last issue about 100 times. I enjoy reading your comics more than I like watching T.V. I know just about everything about you, just about, but I'm curious about one thing in the Nutmeg household, what does Grandpa Nutmeg do?

Nick Sale
Albany, GA

That's a reasonable question from a loyal fan, Nick. Grandpa says he does everything from odd jobs to even jobs, and various other manly tough-guy activities. Grandpa says he does as little as possible. Heathcliff says he does ~~nothing~~ he can get away with. You figure it out.

Dear STAR,

I think Heathcliff is a rotten, rude, mean little cat, and I love him just that way! He is so funny, the way he gets away with things (usually). How come Heathcliff knocks down all those garbage cans instead of just jumping into them like normal cats do?

Well, thank you for listening to me, and keep up the radical work! Tell Heathcliff I wish he was my pet!

Joshua S. Whitney
Port Orchard, WA

Heathcliff as your pet? Think twice about what you'd be in for, Josh! Sure, he's lovable and loyal and cute as all get-out (at least he tells us so), but if he did live at your house, you might learn why that tough little kitty gets a kick out of trashing the trashcan! And guess who'd probably be the one who had to clean it up!

Dear HEATHCLIFF,

I am 21 years old and I love to read about you and your fantastic adventures! I buy every issue and read it during my lunch hour. They really make me laugh a lot. One of my favorites was in issue #4 "You're in the Army, Meow!" That was a riot. Can't wait for the next issue.

Paul Enos
New Bedford, MA

Heathcliff loves fans of all ages, Paul — especially ones who invite him over for lunch! Let's see, he's free next Thursday, and there's this little fish market he's been wanting to try out...

Dear STAR

I love the way your artist draws HEATHCLIFF. I try to draw him, but I can't. Do you have any books to show me how? Keep up the excellent work!

Samuel M. Myers
Scarsdale, NY

We appreciate the art in the book too, Denise! We know it can't be easy for artists Warren Kremer and Howie Post, chasing after that elusive feline all hours of the day and night with just a pencil and a sketchbook — not to mention coming up with pictures Heathcliff likes! When last we caught up with Warren and Howie, they collapsed before we could ask their drawing secrets! Oh, well, maybe next time!

Dear STAR,

I just recently read most of my little brother's HEATHCLIFF and MUPPET BABIES collection. They were mostly good, but noticed one mistake in HEATHCLIFF comics. Heathcliff and Iggy are shown riding their skateboards backwards, like in HEATHCLIFF #12. But the tail (the curved section) is supposed to be in the back.

I don't know if you give out No-Prizes for STAR comics, but just in case, here's my explanation: Heathcliff, being a cat, has a different center of gravity than we do, and the only way he can effectively ride a skateboard is backwards. Iggy learned how to ride a skateboard from Heathcliff! What do you think?

Even Moran
Broomfield, CO

Good try, Even, but Heathcliff rides his skateboard backwards in a unique demonstration of masterful balance and cat's skill (not to be confused with the mountains). He does this not because he's a cat, and not even because he wants to show off, but because he thinks that's how you're supposed to ride a skateboard!

Iggy knows better, but doesn't want to bruise his buddy's feelings — so, keep it under your hat, okay?

Dear HEATHCLIFF and STAR,

Your book is wonderful and I am glad to hear you are putting TOP DOG as a back-up feature. Your book is HEATHCLIFF (Humorous, Entertaining, Action-packed, Terrific, Hilarious, Cute, Lovely, Indestructible, Fabulous and Funny!)

John Lamberth
Arlington, TX

Thanks for the praise John! We hope to keep our favorite dog and cat team for a while — but you can never tell what may happen when a tough cat and a Top Dog get together. Just between you and us, you're pretty D.A.R.N. N.I.C.E. yourself! (Figure that out.) Meanwhile, join us back here for more adventures of that catty cat and his funny family!

If you know these colors, you already know how to play.

Kids, learning to play a Casio **MUPPETS** Keyboard is as easy as telling one color from another. No kidding.

With the EP-10 **BABY KERMIT** keyboard, you simply match the colors below the keys with the colors in its own music book. It's that easy. You get four preset

sounds to play with—piano, flute, violin and fantasy. And then built-in rhythms with a tempo control to help you keep time. It even has a built-in tune to show you what it can do.

Our EP-20 **MUPPETS** keyboard—the one with *Kermit the Frog* and *Miss Piggy* on it—has a special Melody Guide that leads your fingers across the keys with flashing lights. You'll love the tunes—they're some of the *Muppets*' greatest hits. And you'll be able to play them using eight instrument

sounds and 12 auto rhythms.

If you know the difference between red and green or blue and yellow, you already know how to play. And just as sure as *Kermit* is an adorable green frog, you know you're going to have fun.
